No Cost Opportunities

Company informational tabling or drop-in office hours can be scheduled weekdays 10am - 4pm as space is available.

The Employer Partnership Program focuses on offering organizations like yours opportunities to market, promote, and recruit on the Syracuse University campus. Program recognition is for a full year and employers are invited to join on an annual basis beginning July 1st or January 1st. We welcome memberships any time after July 1st or January 1st; however, partner recognition expires on June 30th or December 31st, depending on when you join.

All partners are encouraged to send company branded swag materials for brand awareness.

STUDENT IMPACT

“One of my major takeaways from the (Sustainable Solutions competition) project was that nothing can be done alone. In order to complete the project it took everyone’s hard work, along with consultation of many faculty in the engineering and landscape architect departments.”

— **Emma Liptrap**, Civil Engineering '24

“

To all that have helped fund this trip to the ASCE Student Symposium, thank you for granting me the opportunity to further develop as a student. Your contributions are helping to build the future of engineering and instill the skills necessary to become leaders in our careers.”

— **Aaron Shin**, Civil Engineering '25

“

Participating in the conference gave me the opportunity to meet with representatives from different companies at the Career Fair and gain insights into the current workforce practices. I also met like-minded peers from different universities and shared our experiences. I also attended talks by leading women technologists and learned more about latest industry trends and how can I grow my career in the professional setting. I am deeply grateful to ECS and employer partners for this opportunity!”

— **Adya Parida**, Computer Science '25
